### **DISTRICT INFORMATION**

## **Asbestos Inspection**

All buildings of Holdenville Public Schools were inspected for asbestos-containing building materials. A report of this inspection, laboratory analysis of the samples, and other pertinent data are included in the AHERA Management plan. A copy of the AHERA Management Plan for each organizational unit is on file in the Office of the Principal of that unit, and the master AHERA Management Plan is on file in the Office of the Superintendent. These AHERA Management Plans are available for the public to review upon request to the building principal or superintendent. These documents are made available to enable the public to determine if the AHERA Management Plan has been satisfactorily implemented. Holdenville High School is an asbestos free building.

## **Counselors**

A counselor is available to answer questions about enrollment, course content, activities, graduation requirements, and college entry requirements. Students and parents are encouraged to visit with the counselors about any problem causing student's difficulty with school. Counselors have reference sources and materials available that may help students find answers to a variety of problems.

## **FERPA—Family Educational Rights and Privacy Act**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over the age of 18 ("Eligible Students") certain rights with respect to the student's educational records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the Holdenville Schools receives the request for access.

Parents or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Copies of Special Education records will be supplied free of charge.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading or otherwise in violation of the student's privacy rights.

Parents or eligible students may ask Holdenville Schools to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading or otherwise in violation of the student's privacy rights.

If Holdenville Schools decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except the extent that FERPA authorizes disclosure without consent. The Holdenville Public School District proposes to designate the following personally identifiable information contained in a student's education records as "directory information" and it will disclose that information without prior written consent. (as permitted by P.L. 99-31):

1. The student's name
2. The names of the student's parents or lawful custodian;
3. The student's address;
4. The student's telephone listing;
5. The student's date and place of birth;
6. The student's dates of attendance;
7. The student's grade level (i.e, first grade, tenth grade, etc.);

8. The student's participation in officially recognized activities and sports;
9. The student's degrees, honors, and awards received;
10. The student's weight and height, if a member of an athletic team;
11. The student's photograph; and
12. The most recent educational agency or institution attended.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Holdenville Schools as an administrator, supervisor, instructor, or support staff member (including health or medical staff and Law enforcement unit personnel) ; a person serving on the School Board; a person or company with whom the Holdenville Schools has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Holdenville Schools to comply with the requirements of FERPA. The name and address of the office that administers FERPA are Family Policy Compliance Office, US Department of Education, 600 Independence Avenue, SW, Washington, D.C. 20202-4605

Within the first three weeks of each school year, the Holdenville School District will publish in the Holdenville News the above list, or a revised list, of the items it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time of enrollment. After the parent or eligible student has been notified, they will have two weeks to advise the school district in writing (a letter to the school superintendent's office) that they refuse to permit the school district to release or publish information designated as directory information about their student.

### **Handbook Committee Review**

The student handbook is reviewed annually by a committee made up of teachers from the senior high, students, community members, counselors, and principals. Recommendations are made for change or continuance of policy.

### **Legal Notice**

The Holdenville Public Schools, District I-035 hereby gives notice that they do not discriminate on the basis of race, color, national origin, sex, religion, disability, or age in its employment, programs and activities and provides equal access to the Scouting America and other designated youth groups. The school district complies with federal and state regulations for implementing Title VI, Title IX, and Section 504. Non-discrimination is practiced both in employment and in admission of students to school programs.

Students or employees who have complaints of discrimination should direct them to the official assigned to investigate such allegations. Inquiries concerning application of this policy maybe referred to the Superintendent at 210 Grimes, Holdenville, OK.

### **Student Immunizations**

State Statute 1210.191 (70 § 1991) as amended, states "No minor child shall be admitted to any public, private, or parochial school operating in this state unless such child presents to the appropriate school authorities certification from a licensed physician, or authorized representative of the State Department of

Public Health that such child has received or is in the process of receiving immunizations against diphtheria, pertussis, tetanus, measles (rubella-rubella), mumps, polio, varicella, Hepatitis A, and Hepatitis B, or is likely to be immune as a result of the disease.”

It shall be the policy of Holdenville Schools, therefore, that parents or guardians of all children entering Holdenville Public Schools present a certificate of required immunization upon school entry or present evidence that the immunization process is in progress.

The law provides three kinds of exemptions to these immunizations. They include:

1. Medical Contradictions: A signed statement, using ODH Form 216-A from a licensed physician, stating that the immunization would endanger the life or health of the child;
2. Religious Objection: A signed statement, using ODH Form 216-A from the parent or guardian, stating immunizations are contrary to their religion;
3. Parental Objection: A signed statement, using ODH Form 216-A from a parent or guardian objecting to the required immunizations on philosophical grounds.

According to this legislation, it is the duty of the school authorities to enforce this law by admitting only those students who have completed all immunizations required or are in the process of completing them. Failure of school officials to adhere to this law constitutes a misdemeanor and is punishable by law. No grace period.

## **ATTENDANCE POLICIES**

### **Attendance Policy**

In order to receive credit, a student must not miss more than seven days per semester in any course in which the student is enrolled. Attendance begins with the first day of class at Holdenville Schools. Any student who has in excess of seven absences per semester may be required to attend Summer School in order to retain the credits earned during that semester. All absences, excused or unexcused, count against the student. Exceptions can be made for verifiable lengthy illnesses of a serious nature, and when the student is hospitalized or under doctors' orders to remain at home. A lengthy illness shall be five (5) or more consecutive absences. However, a combination of absences due to illness, truancy, parental excuse, may result in failure.

- Parents of students with health problems that cause lengthy or excessive absences from school must meet with the principal to determine what arrangements may be made to best serve the student.
- Students will be expected to turn in work on the day of return if it was assigned previous to the excused absence.
- Students can receive work assignments on days absent by contacting their teachers, or contacting the office prior to 10:00 a.m. Physical paper assignments requested from the office will not be available until after 2:00 p.m.
- For students to receive full credit, absences in excess of seven days per semester will be made up on the designated days determined by the principal, except in extreme cases a committee formed will review any extreme cases to make a determination on whether those circumstances were valid to prevent the student from being in attendance or making it to the designated make up dates.
- It is the parent or guardian's responsibility to notify the office by 9:00 AM on the day a student is absent stating the reason for the absence.
- The principal will be responsible for notifying teachers when this policy is to apply to a particular student, and it will not be enforced without proper notification and approval from the principal.
- Students who arrive after the school day has started or leave before the school day has ended must check in/out in the office with the attendance secretary. Students who do not follow proper check in/out procedure may be subject to disciplinary action.

## **Admits**

1. Students are expected to get an admit in the morning before 8:00am. Due to circumstances, students may obtain an admit between classes. Only students with an excused admit will be allowed to make up work that they missed. It is the student's responsibility to bring in a Dr. note or have parent/guardian contact the school when absent.
2. Students who were absent the previous school day, are late to class, or arrive late to school, must present an admit to their teacher(s) to be admitted to class.

## **Attendance/Activity Participation**

Students must attend school full-time on the day of an activity in order to be eligible to participate. Exceptions can be made for doctor's appointments, funerals, and other emergencies approved in advance by the principal.

## **School Activity Absences**

Extra effort will be used in developing extracurricular activity schedules so that they will occur outside of the academic day. Special effort will be made to avoid scheduling any activity on Tuesday, Wednesday or Thursday during the school day.

No student may miss more than **ten days in a given school year** for school activities. The student and sponsors are responsible for planning absences in order that a student will not use their allotment and then miss activities.

State, national, and international competitions in which a student earned the right to participate do not count in the ten absences.

Students who are academically ineligible will not be allowed to participate in activities until they are removed from the ineligible list.

## **College Day for Seniors**

A maximum of three college days will be allowed for seniors to visit college campuses for the purpose of obtaining enrollment information, enrolling, getting financial assistance, etc. These days will not count toward the total allowed absences of seven per semester. This day must be pre-approved by the high school office. Proof of attendance must be presented to the attendance secretary upon return. Any additional days will be an excused absence but will count toward the total allowed absences of seven per semester. This additional visit must also be pre-approved by the high school office.

## **Make-Up Work**

Students are required to complete all work missed as the result of any excused absence. It is the student's responsibility to ask each teacher for make-up assignments the first day the student returns from an excused absence. Getting make-up work must be done at an appropriate time during the day. Classes should not be interrupted.

Students will have the same amount of time as their excused absence to complete and turn in make-up assignments. Activity absences will only receive one day to make-up missed work. Assignments turned in on time receive full credit. Assignments not turned in on time receive a "0" in Wengage.

Teachers are encouraged to follow the following late-work guidelines. However, teachers may use their own guidelines and a copy must be posted in room and communicated to all students. A copy must be given to principal as well.

- A. Students will have two (2) days from the original due date to turn in late assignments.
- B. Assignments turned in one (1) day late receive 20% grade deduction, maximum.
- C. Assignments turned in two (2) days late receive 40% grade deduction, maximum.

- D. Papers not turned in by the appropriate hour on the second day will receive a permanent zero in the grade book

### **Tardies**

Unexcused Tardies will not be tolerated. All unexcused tardies will result in disciplinary action. When students are tardy more than fifteen minutes, they will be counted absent for that class period.

The following schedule will be used for disciplinary action for excessive tardies. The policy applies for **cumulative tardies, not per class period**. The policy resets at each nine-weeks.

- A. 4 unexcused tardies – After school detention
- B. 5 and 6 unexcused tardies- After school detention
- C. 7 unexcused tardies- cellphones must be turned in to the office at the beginning of each school day for the remainder of the nine-weeks
- D. 8 unexcused tardies- no off campus privileges for the remainder of the nine-weeks, this includes attending Pizza Day at FBC
- E. 9 unexcused tardies – Student can no longer attend/participate in after school activities for the remainder of the nine-weeks

### **Truancy**

Any student who leaves school without permission, or who is absent without the parent's knowledge and approval, is considered truant and will be subject to disciplinary action.

### **Withdrawal Procedures**

A parent or guardian must sign a withdrawal form from the counselor's office on the morning of the last full day of attendance. The student is responsible for all assigned teachers to sign the withdrawal form, turn in textbooks to each teacher, and return the completed form to the counselor's office at the end of the school day. All fines, fees, and debt, including lost textbook or chromebook costs, must be paid before withdrawal may be complete or release of records made.

## **ACADEMIC INFORMATION**

### **Academic Integrity**

Integrity is defined by Merriam Webster as "firm adherence to a code of especially moral or artistic values." Academic integrity, therefore, can be defined as an adherence to the policies or values of the academic institution which the student is attending. It is the school's expectation that the students submit their own work in writing assignments, vocabulary worksheets, daily homework, quizzes, tests, and mandated state testing. Any student who fails to follow these expectations will receive a zero on the assignment in question. If any instance of plagiarism (the copying of another's work without attribution to the original author or use of AI) is found, a copy will be made for the school's records, and a note placed in the gradebook. These zeros will not be changed.

### **Alternative Credit**

It shall be the policy of Holdenville High School to accept the following courses when taught on a high school level, and when taken by middle school students for high school credit:

- Algebra I or higher math classes
- HS Music
- HS Band

These classes, when appropriate, will be used in figuring the high school GPA and class rank.

### **AP and Honors courses are as follows:**

All Advanced Placement courses for which college credit may be earned, as well as all Honors courses, are five-point courses. Any course taken concurrently through an accredited college or university during the student's junior or senior year will be counted as five-point courses. The concurrent course must be counted for college credit (non-remedial).

All AP and Honors courses may not be offered every year. Any student who has below 70% in an Honors or AP class at any time may be removed from that class.

The following courses are considered 5-point courses:

Forensic Science	Anatomy
Any AP/Concurrent Course	College Algebra
Accounting II	Chemistry II
Honors English I	Spanish III
Calculus	Physics
Trigonometry	

Beginning with the 2023-2024 Freshman class:

The only courses (besides AP and Concurrent classes) that will be counting as "Honors" and weighted on the 5-point scale are courses that are offered through Holdenville High School. In order for classes that are transferred from other schools to be counted on the 5-point scale, they must be classes also offered through Holdenville High School.

### **Concurrent Enrollment**

Seniors and juniors who meet the published criteria for admission may concurrently enroll in college and high school if they satisfy current enrollment statutes. Juniors may enroll at a maximum of 6 college hours per fall and spring semesters. Seniors may enroll in a maximum of 9 college credit hours per fall and spring semesters. Students in grades below eleventh may be considered for concurrent enrollment if they score at the 99th percentile on the ACT using Oklahoma norms. Students may not take more than 19 semester-credit hours at the college and high school combined.

When a student is concurrently enrolled, a copy of the enrollment schedule and a copy of college transcript upon completion must be furnished to the high school in order to be properly released from school in the amount of time according to the enrollment hours. Students concurrently enrolled are still obligated to the home high school for attendance. They are responsible for attending school six hours per day. That may be met by attending college courses. Failure to attend college courses may result in failure to meet district attendance regulations and disciplinary action may be taken. Concurrently enrolled students must be enrolled and attend the equivalent of 6 hours of classes per day.

Any questions about qualifying and procedure should be directed toward the school counselor who will work with the college admissions office to determine placement.

Seniors that are participating in concurrent enrollment or vocational school and are in good standing academically (2.5 GPA or better) and behaviorally that are on track to graduate their senior year will have the option of a seven period day. (1<sup>st</sup> thru 7<sup>th</sup> hour / 2<sup>nd</sup> thru 8<sup>th</sup> hour)

### **ACT Waiver**

ACT fee waivers may be applied for based upon economic need. There are no other circumstances for which fee waivers may be obtained from ACT. See the counselor for specific guidelines. The fee waiver is available twice to a student during his or her junior or senior year.

## **ACT and/or SAT scores must satisfy enrollment requirements of colleges and/or universities**

Students who do not score nineteen (19) or above in a sub-test of the ACT will be required by State Regent Regulations to be tested. Should that student not make that institution's minimum score, the student will be placed in developmental classes for zero-level credit. See the high school counselor for additional information.

## **Testing Remediation**

Students who fail to pass the Seventh Grade Reading or Math Test may be enrolled in an OCCT Prep class the following school year. Students who fail to pass the Eighth Grade Reading or Math Test may be enrolled in an ACT Prep class the following school year. Students who do not score a 16 or higher in any or all components of the PreACT during their tenth grade year may be enrolled in an ACT Prep class during the following school year.

## **Examinations**

Comprehensive tests, nine weeks tests, or benchmark tests will be given at teacher discretion.

Semester tests will be given at the end of each semester. The exams must be taken when scheduled unless otherwise approved by the principal. Test content will be over the current semester only. Students who miss semester tests must make arrangements to make them up within two days of the end of each semester, unless exceptions have been made by the principal due to extenuating circumstances.

Students may be exempted from ALL of their tests if they meet the following criteria for EACH class period: and A and 3 or less absences OR a B and 2 or less absences. Four cumulative tardies equates to one absence under the semester test exemption policy. Students must meet the exemption criteria for all class periods in order to be exempt from all their tests.

## **Fifth-Year Students**

All students who lack less than a full credit load to graduate and who would have graduated prior to current school year must make arrangements individually with the high school principal to develop a schedule for high school completion.

## **Gifted and Talented**

The Board approved Gifted and Talented Policy is available at all administrative offices.

## **Grade Classification**

Classification in school is based on units of credit earned above the ninth grade as follows:

- A sophomore must have earned at least six (6) credits.
- A junior must have earned at least twelve (12) credits.
- A senior must have earned at least eighteen (18) credits

## **Grading**

There will be an ongoing score that will reflect student achievement. Semester grades will be the ongoing score of daily work, assignment scores, and tests. Semester tests will not be counted for more than double a test score. Grades will be entered into the teacher's grade book as numerical values and then converted into letter grades at the end of each grading period.

The following conversion table will be used:

Grade and Numerical Average    A+ 101-110    A 90-100    B 80-89    C 70-79    D 60-69    F Below 60

### **Course credit:**

NC (No Credit) will receive the same weight as a grade letter 'F' when figuring the GPA of a student.

No more than 5 daily points may be awarded by any teacher to students for each non-academic performance reward.

### **Graduation Participation**

All fees paid and all obligations to the school must be met prior to receiving a diploma. Students who need more than one unit for graduation may not be permitted to participate in the graduation exercises. Students must meet the graduation requirements of the year they are receiving a diploma, attending school, and participating in the graduation ceremonies.

### **Graduation Requirements**

In order to be named to the Principal's Honor Roll, a minimum of 3.00 GPA on a 5-point scale must be earned. All honor rolls, top ten awards, class rankings and other awards at Holdenville High School will be figured on a 5.0 scale.

## **Make-Up of Required Classes**

Credit may be accepted from other Oklahoma State Department of Education accredited institutions to make up course work attempted and failed at Holdenville Public Schools. Students who earn credit from other Oklahoma State Department of Education-accredited institutions to avoid taking specific classes while enrolled in Holdenville Public Schools may be in jeopardy of not receiving credit for such classes.

## **Proficiency Promotion**

During the week preceding the start of class and the week following the close of class, students have the opportunity to earn credit by proficiency testing. A student may earn and receive credit in any core course by taking a proficiency test and scoring 90% or better. - No distribution or circulation shall be made in hallways during class changes;
- No attempt shall be made to have a student sign a petition or receive a publication against the will of that student;
- Distribution or circulation of any material that substantially interferes with school operations shall cease and any planned distribution or circulation may be prevented if there are reasonable grounds to fear such distribution or circulation will materially and substantially interfere with school operations;
- The building principals are held responsible for all activities that take place in their respective buildings. It is, therefore, required that a copy of all publications and/or petitions be presented to the principal prior to circulation. If the principal determines the material is likely to cause a disruption, the principal may deny the distribution or circulation of the petition.

### **Policy on Promotion/Retention and Pass/Failure of a Course**

The Holdenville Public School Board of Education, having determined that a need exists for a uniform policy governing the circumstances and considerations to be weighed in determining whether to promote a student to the next grade or retain him or her in the same grade for an additional year, has established the following policy to govern this question. The purpose of this policy is to promote or retain students in the school district, and to establish a uniform procedure to be followed in cases where retention is appropriate.

This policy also establishes an appeal procedure for parents who may decide to challenge the decision to retain a student at his/her present grade level or to fail a student in a particular course.

As used in this policy, “promote” or “promotion” means to place a student who has successfully completed the requirements of a particular grade level into the next higher grade level following the end of the school year and to record on the student’s permanent record that he or she has successfully completed his or her current grade level. As used in this policy, “retain” or “retention” means to withhold a student from advancing into the next higher grade level following the end of the school year and to indicate on the student’s permanent record that he or she has not successfully completed the requirements of his or her current grade level. As used in this policy, “not passed in a course” or similar wording, means the student is assigned a failing semester grade in a course of study and that failing grade will be recorded on the student’s permanent cumulative record.

Each school site will form a committee to review and make decisions regarding retention and promotion. The committee will be composed of a classroom teacher, a counselor, the principal, when available, and additional personnel who may be assigned by the principal or superintendent when appropriate.

Supportive evidence must be presented to the student and parent or guardian regarding retention. This evidence must be based on:

1. Testing that actually covers the subject matter presented to the student.

2. Assignments directly related to the subject matter being taught.
3. Consideration will also be given to the student's level of maturity (physical, mental, emotional, and social) and to the student's attendance record, although these matters will not bear the same weight as stated above in items 1 & 2.

The student and the parent or guardian must be made aware of the possibility of the student's impending retention or failing grade in a course. Any student in danger of being retained or failing a course shall be notified prior to the end of the school year that his or her performance is insufficient, and the student's parents or guardian will be mailed a written notice. School staff will make every effort to help the student improve his or her academic standing.

Promotion will be determined by successfully completed units of instruction to be established by the Board of Education, the superintendent, and the relevant principal. Parents may request reconsideration of a retention decision or a decision not to pass a student in a course by taking the following steps:

**First Level of Appeal:** The parent may request review of the initial decision by letter to the building principal. If no request is received within five (5) days of the parent's receipt of written notification of the initial decision, the initial decision will be final and non-appealable.

**Second Level of Appeal:** The parent may request review of the principal's decision by letter to the superintendent. If no request is received within five (5) days of the parent's receipt of the principal's written notification, the principal's decision will be final and non-appealable.

**Final Level of Appeal:** The parent or guardian may request review of the superintendent's decision by letter to the superintendent or the Clerk of the Board of Education. If no request is received within five (5) days of the parent's receipt of the superintendent's written notification of his or her decision, the superintendent's decision will be final. The parent or guardian will be notified in writing of the date, time, and place of the School Board meeting at which time the decision will be reviewed. The Board's decision will be final and non-appealable.

If a parent or guardian disagrees with the Board's decision, he or she may prepare a written statement (stating the reasons) for disagreement. That statement will be placed in and become a part of the student's permanent cumulative record.

### **Reporting Substance Abuse**

The Board recognizes the complexity of problems that may be associated with student substance abuse. The concern is for the well-being and best interest of students at all times. Therefore, the following procedure will be utilized by teachers and administrators in reporting students who appear to be under the influence, as defined by law, of low-point beer, alcoholic beverages, or controlled dangerous substances. Whenever possible, the teacher or administrator should attempt to obtain a corroborative observation from another teacher or administrator.

The report of the teacher or administrator will state the date, time, and place of the incident. It will also describe the actions of the student or other circumstances that caused the student to appear to be under the influence of low-point beer, alcoholic beverages, or controlled dangerous substances.

The principal will immediately notify the superintendent of the report. The principal will also immediately notify the student's parent or legal guardian of the report. The notification to the student's parent or legal guardian may be verbal, but will be promptly confirmed in writing. A copy of this policy will be delivered to each teacher and administrator of the district and filed with the State Superintendent of Public Instruction within ninety (90) days of its adoption by the Board of Education.

### **School Day**

Students should not be on school property before 7:30 AM unless special arrangements are made with

the building principal. The school day begins at 8:00 AM and ends at 3:30 PM. The senior high lunch period is from 11:20 AM until 11:50 AM. Grades 8th and 9th lunch period is from 12:10 PM until 12:40 PM

### **School Trips**

This school will sponsor no overnight **class** trips.

### **Letter Jackets and Sweaters**

Students may purchase letter jackets after they have successfully completed a sport and earned a letter in the following activities: football, basketball, baseball, cheerleading, band, softball, track, golf, speech, cross country, wrestling, or academic team. Students who order jackets will be responsible for the total cost.

There will be one style of letter jacket ordered through Holdenville High School with the athletic sales representative chosen to make orders for letter jackets. Any student wishing to order a different style jacket or sweater must do so on their own without school involvement.

### **Sexual Harassment, Battery**

It is the policy of the Holdenville Public School District to maintain learning and working environment that promotes treating people with dignity and respect. Sexual harassment undermines that effort and is legally classified as discrimination on the basis of sex. Therefore, Holdenville Public Schools will not tolerate or condone any form of sexual harassment by employees, students, or third parties of the district. It is no defense to claim of sexual harassment that the alleged harasser did not intend to harass.

Definition:

1. Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment, education, or participation in an educational program or activity; or

3. Such conduct has the purpose or effect of unreasonably interfering with an individual's education or activity, work performance, or creating an intimidating, hostile, or offensive education or employment environment.

honors, programs, or activities available to students at or through the school.

## II. Reporting, Investigating, and Sanctions

1. It is the policy of the Holdenville Public School District to encourage anyone who believes that they have been subjected to sexual harassment to come forward with such claims. To report alleged acts of sexual harassment:

A. Students who feel that they have been subjected to sexual harassment are encouraged to report the incident(s) to an appropriate teacher or school administrator. If the student's immediate teacher or administrator is the alleged offender, the report will be made to the next level of supervision or administration or to any responsible adult person. A grievance report form will be provided to document the incident(s) and must be completed as part of the documentation necessary to resolve the claim.

B. School district employees who feel they have been subjected to sexual harassment are encouraged to report the incident(s) to the site administrator or to the superintendent if the site administrator is the harasser. A grievance report form will be provided to document the incident(s) and must be completed as part of the documentation necessary to resolve the claim.

C. School district employees and third parties are responsible for reporting alleged violations of this policy in accordance with the district's sexual harassment complaint procedures.

4. Any student found to have engaged in sexual harassment while involved in a school activity shall be subject to disciplinary action which may include, but not limited to: verbal and/or written warning or reprimand, counseling, mandatory harassment training, community service, or suspension consistent with the student discipline code.

## **Solicitation**

Students will not be permitted to promote or participate in raising funds for any organization or purpose not associated with the school and sanctioned by the principal.

## **Student Insurance**

Student insurance is made available to students as a convenience for the student. The school does not profit from the sale of student school insurance. The school neither encourages nor discourages students in taking school insurance, with the exception of those students enrolled in football.

## **Student Search Policy**

Since it is the duty of the school administrators and teachers to protect the school population from foreseeable injury, and enforce laws and school rules, searches based on reasonable suspicion may be conducted. Searches may extend from the person to his/her personal items, including automobiles, handbags, purses, or other belongings. Searches of students and the personal property of students will be made when there is reasonable suspicion the search will produce items that a student is not to have at school, according to school policy or discipline code. This may include weapons, alcoholic beverages, controlled dangerous substances, tobacco products, and stolen or missing property reasonably suspected to have been taken from another student, a school employee, or the school during school activities.

Searches of a student's person are to be done by a member of the teaching or administrative staff who is of the same sex as the student. All student searches must be authorized by an administrator and should be done in the administrator's presence and in privacy. No strip searches of students are to be conducted by school personnel.

School personnel will detain, and if necessary, restrain the student and secure personal effects until the police arrive. If items that were stolen, considered illegal, illicit, disruptive, or a general nuisance are found, parents will be immediately notified and appropriate disciplinary action will be taken.

Students shall not have any reasonable expectations of privacy toward school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of students. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search.

Any student who refuses to be searched or refuses to allow his/her property searched will be detained and his/her parents will be contacted. Further refusal to permit search by student and/or parent could result in suspensions. If sufficient cause exists to warrant a search, the police and court system will be utilized.

## **Substitute Teachers**

Substitute teachers provide a service to the school district and administration in the absence of a regular classroom teacher. Students are expected to follow the directions left by the regular teacher and then work on additional assignments when finished. Students who disrupt class, show disrespect, or create other problems when substitutes are in charge should expect disciplinary action.

## **Teacher Authority**

Students must remember that all school personnel of this school system have authority over them. This not only applies during the school day, but also at any school-sponsored activity at home or away. School regulations apply to students from the time they leave their residence in the mornings until they return to that residence, or a length of time equivalent to that return.

## **Telephones**

Students will not be permitted to leave class to make phone calls, nor will the students be called from class to take incoming calls. Students will be given messages of an Emergency Nature Only. The school will not take messages to students from employers. Students are advised to take care of all personal business before coming to school and are not to ask for permission to use school phones unless it is an emergency. Students needing to make emergency phone calls must do so from the principal's office only and only after receiving permission.

## **Textbooks**

All textbooks will be furnished by the school system, and each student is responsible for the care of his/her textbook. In the event a textbook is lost or defaced, the student to whom the book was checked out is responsible for the replacement cost of the textbook.

No transcripts or grades will be released until all textbooks have been turned in or replacement cost has been made to the school.

## **Tobacco Use**

Students are not permitted to use or be in possession of any tobacco or vapor product in any classroom, on the school campus, or while participating in school sponsored activities. This includes travel to and from and while in attendance at school activities.

This regulation is state law.

- First offense of possession: 3 days of In-School-Suspension
- Second offense of possession: 2 days Out of school suspension and 3 days ISD
- Third or more offenses: 5 plus days of Out of school suspension possible

Law enforcement agents will be called with each offense. Students will also be required to turn in their cellphone to the office each morning for the remainder of that semester.

## **Visitors on Campus**

All visitors to the school campus must check in at the principal's office. If visitors do not have legitimate business at school, they have no business at school. There are to be no student visitors in the school.

## **Telecommunications Devices**

Students may have a wireless phone, smart phone, or smartwatch on school property or at school functions, but it shall not be used during class periods. Students who violate this policy will face the disciplinary steps listed below.

- 1st Offense—After school detention
- 2nd offense—In School Suspensions (administration discretion)

Possession of any material with inappropriate content will result in disciplinary action for the student in possession as well as the supplying student. The school will not be responsible for lost damaged, or stolen personal equipment. Recorders for education use in class are permitted. Students using recording devices such as camera or phones to record incidents such as fights will receive the same punishment that offenders will receive.

## **SAFETY AND TRANSPORTATION**

### **Activity Trip Transportation**

Students who participate in any school-sponsored activity must ride school transportation to and from the event. Parents requesting an exception for the return trip must present a written request to the principal, including a telephone number for verification purposes, by 2:00 PM on the travel date. Parents may sign their own children out at any event. If a parent chooses either of these options, the school is not responsible for the student's return trip. The person a student rides home with is the responsibility of the parent.

## **Bus Transportation**

All buses used in the Holdenville School System meet the requirements and follow the regulations of the State Department of Education. To prevent serious accidents, students are expected to conduct themselves on buses in the same manner as a classroom.

Students who ride the bus to and from home and while on school trips should be careful about loading and unloading. Always wait for the bus to come to a complete stop before beginning to load or unload. Students must not depart from the school bus until it reaches his/her school or destination

Students are under the supervision of the bus driver. The driver is a school official and has the same authority as teachers

## **Bus Video Policy**

Bus transportation by the district is a privilege, not a right, and it will be extended only to students who display good conduct while preparing to ride, riding or leaving the bus. An additional condition for riding district buses is parental consent to the release of videotapes that would otherwise be prohibited for reasons of privacy. Before a student is allowed to ride a district bus, the district must have obtained a parent's written consent for the release of any such videotapes.

## **Driving Regulations**

Driving will be limited to licensed drivers only. It is the position of the Holdenville School District that students are allowed the privilege of driving to and from school. That privilege may be revoked for just cause. With this in mind, it shall be the policy of the Holdenville Schools that any student who has been found guilty by law enforcement officials of speeding or unsafe driving in the proximity of any local school campus shall be governed by the following disciplinary provisions:

1st Offense: Ten (10) days suspension of driving privileges to and from school;

2nd Offense: Twenty (20) days suspension of driving privileges to and from school;

3rd Offense: Suspension of driving privileges to and from school the remainder of the current semester or thirty (30) school days, whichever is greater.

When a student's driving privileges have been suspended, the only way that student may attend school is by bus or if they are brought to school by another person in a vehicle other than their own.

If a student drives a borrowed vehicle in violation of the above policies, the owner of the vehicle shall be held responsible until the identity of the driver is ascertained. Owners of vehicles need to be aware of their liability in this area when loaning vehicles. Appropriate disciplinary action will be taken against the driver by the driver's principal.

## **Driving/ Parking and Pemit**

Reckless driving will not be tolerated. A 15 mph speed limit is in effect on the school campus at all times. Repeated violation of reckless driving will be subject to turn over to law enforcement and off campus privileges revoked. Students will have to give their keys to the office when arriving and pick them up at the end of the school day.

Any vehicle parked on Holdenville Public Schools property will be subject to random search for dangerous or controlled substances and violations of the firearms policy.

Students will not be allowed to drive their cars to classes away from the senior high building; an exception is for students driving to designated locations for athletic practice.

Students will not be allowed to sit in their cars or loiter in the parking lot. Cars should be kept locked. Cars playing obscene or loud music will not be tolerated.

Only seniors are allowed to park in the senior parking lot. No students are allowed in faculty and cafeteria

designated parking areas. All students that drive to school must fill out a driving form in the office and purchase a parking permit.

### **Fire Drills**

The signal for fire or a fire drill will be intermittent ringing (several short blasts) of the bell for at least 30 seconds. The following procedures are to be followed in case of fire or fire drill. First, wait for teacher instructions and then walk in an orderly fashion to the assigned exit. Exits will be posted in each individual classroom. Leave books and materials in rooms. All students are to remain with their teacher until the all-clear is given. All clear will be two short blasts of the bell.

### **Tornado Drills**

The signal for an approaching storm or tornado will be a continuous intermittent ringing of the intercom for at least 30 seconds. All students in the main building and exterior buildings will enter the band hallway area that is centrally located on the school campus. All students are to remain with their teacher until the all-clear is given. All-clear will be two short blasts of the intercom.

### **Intruder Drills**

All policies and guidelines governing OSSAA activities will be followed by Holdenville Schools students. See the OSSAA website for the updated policies. <https://ossaillustrated.com/>

## **DISCIPLINE**

### **Alternative Punishment**

In administering discipline, consideration will be given to alternative methods of punishment. In all disciplinary action, the administration should be mindful they are dealing with individual personalities.

When feasible, the administration should consider consultation with parents on disciplinary measures that might prove most effective in particular instances.

### **Behavior or Conduct Which May Result in Student Suspension**

Students who are guilty of any of the following acts may be suspended out-of-school by the administration of the school or the district for:

1. Violation of school regulation;
2. Immorality;
3. Adjudication as a delinquent for an offense that is not a violent offense;

For the purpose of this Section violent offense shall include those offenses listed as the exceptions to the term nonviolent offenses as specified in Section 571 of Title 57 of Oklahoma Statutes. Violent offense shall include the offense of assault.

2. Possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the district's policy related to firearms.

In the event of a suspension for any of the reasons listed on the previous pages, an education plan shall be applicable for acts which fall within parts above. However, no education plan shall be necessary for acts which fall within PART "E" above.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requires an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

### **Disciplinary Action for Distribution**

Any student guilty of actually distributing contraband will be suspended for the maximum allowed by law (two semesters). Reports to the JSU, police, district attorney, and any other appropriate law enforcement agency will be made and charges filed. Students who possess, try to distribute, or distribute contraband materials (even though it may not actually be such) may face a penalty half that for an offense that actually involves contraband (controlled dangerous substances).

### **Disciplinary Action for Possession of Drugs or Alcohol** (as defined by Oklahoma statutes)

If any high school student is in possession of or under the influence of drugs or alcohol at school or during a school function, the following will occur:

- 1) **1st Offense**: The student will be placed in O.S.S. or the Alternative School for thirty (30) days with minimum of ten days at Level I. Loss of Extracurricular. The First Offense may be reduced by 50% if the student:

- 3) **3rd Offense**: The student will be placed in the Alternative School for one hundred eighty days (180) days. Loss of Extracurricular

### **Disciplinary Action with Intent to Distribute**

Intent to distribute will be determined by the quantity of contraband in a student's possession. Generally, if a student has in his/her possession more contraband than that student could normally be expected to use, the intent to distribute will be assumed by the school. The term contraband as used in this policy includes any dangerous or controlled substances as defined by Oklahoma statutes or alcoholic beverages of 2.0 alcoholic content or more.

The first offense for intent to distribute will be punishable by suspension from school for ninety (90) days or for the remainder of the current semester, whatever is greater. The appellate procedures for this suspension will be the same as any other type of student suspension.

### **Disciplinary Code**

The disciplinary policy is to correct the misconduct of individual students and to promote adherence by each student to the policies and regulations of the school district.

In order to provide quality education for all students attending Holdenville Public Schools, Holdenville Schools will not tolerate disruptive acts that interfere with the tranquility of the school environment or the safety of its students. Furthermore, Holdenville Public Schools will not tolerate acts of vandalism to

school property. Students, while enrolled in the Holdenville School system, shall be under the jurisdiction and shall be accountable to school personnel. This jurisdiction shall include attendance going to and from school activities and attending such activities.

### **Disciplinary Reports**

In the event that students get into trouble at school-sponsored activities, a disciplinary report will be filled out on the student or students. These reports will be kept on file in the principal's office.

### **District's Obligation**

Before the district, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out of school suspension. Students identified as disabled under the Individuals with Disabilities Educational Act or Section 504 of the Rehabilitation Act of 1973 and who are suspended out-of-school or receive disciplinary removal from the classroom require additional procedural considerations.

### **Education Plan for Suspended Students**

Students who receive out-of-school suspension will receive an education plan for core subjects in which the student is currently enrolled. The work will be consistent with P.A.S.S. objectives for successful completion of competency in the core areas. Assigned work must be completed and turned in upon return to school. Credit will be awarded for completed work.

### **Failing List Protocol**

Students on the failing list for the second week and beyond will not be eligible to attend any school activities including prom if they are on the list at the time of the event.

Students who are ineligible will be required to go to after school tutoring a minimum of once a week until they are off the failing list. Tutoring is offered Monday, Tuesday, Wednesday, and Thursday.

Failure to serve any of the assigned study opportunities will result in disciplinary action from the principal or his/her designee.

### **Gun – Free Student Suspension Policy**

It is the policy of Holdenville School District that any student who is determined to have brought a weapon to school under the jurisdiction of the school district shall be suspended from school for a period of not less than one year.

Any out-of-school suspension imposed under this policy may be modified for any student on a case-by-case basis by the chief administrative officer of the school district.

For the purposes of this policy, the following definitions shall control:

The term weapon means a firearm as such term is defined in Section 921 of Title 18 of the United States Code.

The term chief administrative officer means the Superintendent of Schools or the Board of Education of the school district.

The term determined to have brought a weapon to school under the jurisdiction of the school district means any student being in possession or control of a weapon on property owned, leased, or rented by the school district, including, but not limited to, school buildings, parking lots, and motor vehicles and any student who is in possession or control of a weapon at any school district sponsored function regardless whether such function is conducted on school property. Enforcement of this policy shall be consistent

with state and federal laws dealing with discipline of students with disabilities.

It is the policy of this school district to refer to the appropriate criminal justice of juvenile delinquency system any student who has violated this policy.

Any out-of-school suspension initiated pursuant to this policy shall be subject to the procedural safeguards set forth in the school district's policy for out-of-school suspension of students. To the extent that this policy is inconsistent with any other policy of this school district, then this policy shall control.

### **Immediate Out-Of-School Suspension Without a pre Out-Of-School Suspension Conference**

A student may be suspended out-of-school without the above pre out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, school employees, school property, or a continued substantial disruption of the educational process.

In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

### **In-School Detention**

In-School detention will be used as an alternative method of discipline for certain offenses at the discretion of the principal.

When a student is placed in in-school detention, the student will:

1. Report to the detention room immediately after arriving at school;
2. Take breaks at different times from those regularly scheduled and only when permission has been obtained from the principal;
3. Eat lunch at a time different from the rest of the student body set by the principal or his/her designee;
4. Students are responsible to get assignments from his/her regular teachers before and/or after school. This work will count for credit.
5. Remain in the detention room until released by the principal or his/her designee after the dismissal bell in the afternoon;
6. Not be allowed to attend or participate in extra-curricular activities as outlined by the rules of the activities association;
7. Defacing or damaging school property while in ISD will result in out-of-school suspension.

Any misbehavior, talking, or failure to do assigned work will result in strict disciplinary action, as this is an extra effort on the part of the school to have this type of alternative discipline. Failure to complete in-school detention or follow regulations of such will result in out-of-school suspension. In-school detention will be figured as out-of-school suspension when determining the progressive nature of a student's discipline record. ISD will receive credit for any classroom work completed.

### **Indecent Actions**

Any acts, expressions, comments, or other actions, either written or expressed, that are considered indecent, threatening, and/or inappropriate, will be strictly forbidden. Students who violate this policy will be disciplined according to the nature of the infraction.

### **Knives**

No knives of any kind or size are allowed on the school campus.

### **Long-Term Disciplinary Removal**

The school district may implement the disciplinary removal of a child with a disability to an interim alternative setting for a period of 45 calendar days or less if the child, as a manifestation of the child's disability.

- A. Carries a weapon to school or to a school function under the school's jurisdiction; or
- B. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the school district's jurisdiction.

The child's individualized education plan or accommodation plan team will identify the child's interim alternative educational setting. Any interim alternative educational setting in which the school district places the child will:

- A. Be selected to enable the child to continue to participate in the general curriculum and to continue to receive the services and modifications, including those identified in the child's current I.E.P. or A.P. that will enable the child to meet his or her I.E.P. or A.P. goals; and
- B. Includes services and modifications designed to address the behavior that led to the placement change so that the behavior does not recur.

The school district will notify the child's parent of the disciplinary action and of all applicable procedural safeguards under state and federal law and school district policy as soon as possible after the decision to take disciplinary action is made.

### **Long-Term Out-of-School Suspensions in Excess of Ten Days**

Right of Appeal: A parent or the student may appeal the out-of-school suspension decision of the principal to a committee of school persons and the Board of Education. At the student and/or parent or guardian's option, the appeal may be made directly to the Board of Education.

Method of Appeal to a Committee: An appeal to a committee can be requested by letter to the superintendent, which must be received within two days after the principal's out-of-school decision is received by the student, or by his/her parent. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.

Upon receipt of the request, the superintendent shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee can be authorized. If the superintendent determines that the period of out-of-school suspension is greater than ten school days, the procedures applicable to long-term out-of-school suspensions must be followed.

Out-of-school suspensions shall include an individualized plan for out-of-school suspensions that shall describe either a home-based schoolwork assignment setting or other appropriate work assignment setting. The plans shall be prepared by the principal with the assistance of other school employees as warranted by circumstances of the out-of-school suspension. Google Classroom may be utilized to turn in work.

The plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, science, social studies, and art requirements by the Oklahoma State Department of Education for high school graduation in grades nine through twelve.

A copy of the plan shall be provided to the student or parent/guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is re-admitted into school.

Hearing the Appeal: The Superintendent of Schools shall appoint a review committee consisting of not less than three school district employees who shall be certified administrators, counselors, and/or teachers, and shall designate a chairperson for the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours Monday through Friday.

Reasonable consideration will be given to accommodate the work schedule of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time, and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the hearing shall give the other party twenty-four hours advance notice of that decision. The failure to give such notice shall preclude the party's right to have counsel attend the hearing.

The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The principal will briefly outline the student's conduct, read the policy, rule, or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.

At the conclusion of the presentation of evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall affirm or revoke the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal, and the Superintendent of Schools

When a committee hears an appeal for a long-term suspension, the student and parent or guardian may appeal an adverse decision to the Board of Education.

If no appeal is received within two calendar days after the committee's decision is received by the parent or student, the committee's out-of-school suspension decision will be final.

### **Method of Appeal to the Board of Education**

An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education. If no appeal is received within two days after the decision of the committee is received by the parent or student, the decision of the committee will be final. A direct appeal to the Board of Education requires the student and parent or guardian to file the written request for appeal within two days of the principal's decision.

Hearing the Appeal: The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable. The parent and student will be notified in writing of the date, time, and place of the hearing. The parent or guardian and student will have the right to an 'open' or 'closed' hearing, at their option. Reasonable effort will be made to accommodate the work schedule of parents.

### **Out-Of-School Suspension**

An Out-of-School suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten school days. A short-term out-of-school suspension shall be a period of ten or fewer school days.

In no event will an out-of-school suspension extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the school district's Gun Free School policy. Out-of-school suspensions should have a definite commencement and ending date.

Out-of-school suspensions shall include an Individualized Plan of Education for out-of-school suspensions, which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The plan shall provide for the core units in which the student was enrolled. Core units shall consist of the minimum English, mathematics, science, social studies, and art units required by the Oklahoma State

Department of Education for high school graduation in grades nine through twelve.

A copy of the plan shall be provided to the student or parent/guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into the school.

**Suspended students may not be on school property or attend school activities until re-admitted to class.**

All suspensions and alternative in-school placements shall include forfeiture of the student's right and privileges as a student, including attendance and/or participation at any school-sponsored activity. The only appeals for disciplinary actions are those listed for short-term out-of-school and long-term out-of-school suspensions.

**Out-Of-School Suspension or Disciplinary Removal of Children with Disabilities**

This policy applies to the out-of-school suspension or other disciplinary removal from the classroom of a child with a disability.

"Disciplinary removal" refers to reassignment of a child to an interim alternative educational setting or another setting, designated by the school district for a prescribed course of education.

For purposes of this policy, the following definitions apply: "Controlled substance" means a drug or other substance identified under schedules I, II, III, IV, or V in Section 202©. Substances Act 21 U.S.C. 812©.

"Illegal drug" means a controlled substance, but does not include such a substance that is legally possessed or used under the supervision of a licensed health professional, or that is legally possessed or used under any other authority under the Controlled Substances Act or any other provision of federal law. "Substantial evidence" means beyond a preponderance of the evidence.

"Weapon" means a dangerous weapon as defined by 18 U.S.C. 903 (g) (2), specifically, a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2 1/2 inches in length.

**Pre-Out-Of-School Suspension Conferences**

When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense as set out in Oklahoma Statute Title 57 and 571, the principal shall conduct an informal conference with the student.

At the conference with the student the principal shall discuss the student's conduct that was a violation of the policy, rule, or regulation.

The student shall be given a full opportunity to explain and discuss his or her conduct. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.

The principal shall attempt to notify the parent by phone and will notify in writing that the student is being suspended out-of-school and that alternative in-school placement or other available options have been considered and rejected. Students shall not be dismissed before the end of the school day without advance notice to the parent unless their presence disrupts the safe environment of the school.

**Procedure for Student Out-Of-School Suspension Review Hearing Before the**

## **Board of Education**

The Board President should: Announce that the next agenda item is an out-of-school suspension review hearing for the student, stating his/her name. Ask whether the parents/student wish the hearing to be open to the public or executive session. The offer of an open hearing and their response will be made a part of the minutes of the meeting. If parents/student requests a closed hearing, a motion to go into executive session per their request should be made a vote taken.

The Board President should advise the parents/student: That they are entitled to legal counsel, if they desire it. That the administration will present its witnesses first and that after each witness the parents or their legal counsel will be given the opportunity to cross-examine. That the parents/student will be given an opportunity to call any relevant witnesses and present any relevant evidence that they may wish, subject to cross-examination by legal counsel for the administration. That the Board will consider the evidence and documents and reach a decision that will be recorded by vote in open session. That the parents/student may ask any questions about the procedure.

1. Following the presentation of above, all administration witnesses and documents should be presented subject to cross-examination.
2. Parent/student may call any witnesses and present any documents subject to cross-examination.
3. After each witness is presented, school board members may ask the witness any questions.
4. Parent/student closing statement.
5. Administration's closing statement.
6. Deliberation in private.
7. Return to open session and vote.
8. After adopting a motion making certain findings of the fact, the Board must make a motion to affirm or revoke the out-of-school suspension.

## **Process for Implementing a Long-Term Out-of-School Suspension or Disciplinary Removal**

No more than ten days after taking disciplinary action for an out-of-school suspension or disciplinary removal of more than ten school days or when a series of short-term out-of-school suspensions or disciplinary removals exceeds ten school days during the school year, the school district will convene a meeting of the students I.E.P. or A.P. team. The team will:

- (A) Conduct a functional behavioral assessment of the child and decide if a behavioral intervention plan is necessary, or
- (B) if the child already has a behavioral intervention plan, review and modify it, as necessary, to address the behavior, and
- (C) Make a manifestation determination, by reviewing the relationship between the child's disability and the behavior subject to disciplinary action.

Making a manifestation determination: If the I.E.P. or A.P. team determines the behavior subject to disciplinary action is a manifestation of the child's disability, then the school district cannot suspend the child out-of-school long-term or implement a long-term disciplinary removal as discipline for the behavior. If the I.E.P. or A.P. team determines the behavior subject to disciplinary action is not a manifestation of the child's disability, then the school district may suspend the child out-of-school long-term or implement a long-term disciplinary removal as discipline for the behavior.

The I.E.P. or A.P. team may determine that the child's behavior was not a manifestation of his/her disability only if the team:

1. First considers as to the behavior subject to disciplinary action, all relevant information, including.
  - A. Evaluation and diagnostic results including results or other relevant information supplied by the child's parents;
  - B. Observations of the child, and
  - C. The child's I.E.P. or A.P. Placement

2. And then determines that:
  - A. As to the behavior subject to disciplinary action , the child's I.E.P., or A.P. placement was appropriate:
  - B. The special education services, supplementary aids and services, and behavior intervention strategies were provided in compliance with the child's I.E.P. or A.P.
  - C. The child's disability did not impair his/her ability to understand the impact and consequences of the behavior subject to disciplinary action;
3. The child's disability did not impair his/her ability to control the behavior subject to disciplinary action.

If the I.E.P. or A.P. team determines that the child cannot be suspended out-of-school or a disciplinary removal implemented as discipline for the behavior it may still consider whether a change of program and/or placement is appropriate for the child for non-disciplinary reasons.

School district personnel will provide the child's special education and disciplinary records for consideration to the person(s) making the final decision about the disciplinary action to be imposed.

Continuing Educational Services: The school district will provide appropriate educational and/or related services during long-term out-of-school suspensions to a child with a disability, under the IDEA, whether or not the child's behavior is a manifestation of his/her disability. The school district will provide appropriate educational and/or related Services during long-term out-of-school suspensions to a child with a disability, under the term of out-of-school suspensions to a child with a disability, under the IDEA, whether or not the child's behavior is a manifestation of his/her disability. The school district will provide appropriate educational and/or related services during long-term out-of-school suspensions to a child who is a qualified individual with a disability under Section 504, if the child's behavior is a manifestation of his/her disability. The child's I.E.P. or A.P. team will determine an appropriate educational program and placement for the child. Otherwise, educational services during the out-of-school suspension term shall be governed by the school district's policy and procedures for out-of-school suspension of children with disabilities.

Stay Put: If a child's parent disagrees with the I.E.P. or A.P. placement team's determination that the child's behavior was not a manifestation of his/her disability or with any decision regarding placement, the parent may request a due process hearing. The school district will arrange for an expedited hearing if the parent requests one. In reviewing the team's manifestation determination, the hearing officer will decide whether the school district has demonstrated that the child's behavior was not a manifestation of his/her disability in compliance with the standards set out in Section 6 of this policy.

When a parent requests a due process hearing regarding:

- (1) the school district's action imposing a disciplinary removal to an interim alternative educational setting for up to 45 calendar days for a drug or weapon offense;
- (2) an interim alternative education setting imposed by a hearing officer; or
- (3) the teams' manifestation determination.

The child will remain in the interim alternative setting pending the hearing officer's decision or until the expiration of the time period identified for that placement (up to 45 calendar days), whichever occurs first, unless the parent and the school district agree otherwise. If a child is placed by the school district in an interim alternative educational setting for a drug or weapon offense or imposed by a hearing officer and school district personnel, propose to change the child's placement after expiration of the placement, during the pendency of any proceeding to challenge the proposed change in placement, the child will remain in the current placement, unless the following exemption applies. If school district personnel maintain that it is dangerous for the child to be in current placement during the pendency of the due process proceedings, the school district may request an expedited hearing. In determining whether the hearing officer may place the child in the alternative setting or in another appropriate placement the

hearing officer will use the standard identified in section 9 of this policy.

**Emergency Disciplinary Removal:** The school district may request a due process hearing to obtain an emergency order placing a child with a disability in an interim alternative educational setting for no more than 45 calendar days. To enter such an order, the hearing officer must determine that the school district has demonstrated by substantial evidence that maintaining the child's current placement is substantially likely to result in an injury to the child or others, and will also;

(A) Consider the appropriateness of the child's current placement;

(B) Consider whether the school district has made reasonable efforts to minimize the risk of harm in the child's current placement, including the use of supplementary aids and service; and

(C) Determine that the interim alternative educational setting meets the standards identified in Section 4 of this policy.

### **Racial/Ethnic Incidents**

Using racial or ethnic terms, signs, or signals, determined inappropriate by the school, will be considered as such and will be dealt with in a disciplinary action.

### **Records and Reports**

The principal will keep written records of each out-of-school suspension. The principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the plan.

### **Short-Term Out-of-School Suspensions**

The Board of Education recognizes that student out-of-school suspensions of ten or fewer school days (referred to as short-term) involve less stigma and require less formal due process procedures than are required for out-of-school suspensions greater than ten days. Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved for the district's discretion.

**Right of Appeal:** A student who has been suspended out-of-school for a period of ten or fewer school days is entitled to all pre-appeal rights presently accorded by school district policy to students who have been suspended for a period of greater than ten school days.

A student who has been given a short-term out-of-school suspension and that student's parents have the right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting the appeal.

**Method of Appeal to a Committee:** An appeal can be presented by completing and returning an appeal request form (available at the superintendent's office) to the superintendent within two school days after receiving the out-of-school suspension decision of the principal.

If a completed appeal request form is not received within two school days after the principal's decision is received by the parent or student, the principal's out-of-school suspension decision will be final.

Upon receipt of the request, the superintendent shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized.

**Hearing the Appeal:** The Superintendent of Schools shall appoint a review committee consisting of not less than three school district employees who shall be certified administrators, counselors, and/or teachers, and shall designate a chairperson for the committee who was not a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.

The Superintendent of Schools shall schedule the committees hearing as soon as possible during regular

school hours Monday-Friday. Reasonable consideration will be given to accommodate the work schedule of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time, and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the hearing shall give the other party twenty-four hours advance notice of that decision. The failure to give such notice shall preclude the party's right to have counsel attend the hearing.

The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The principal will briefly outline the student's conduct, read the policy, rule, or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.

At the conclusion of the presentation of evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student.

The committee shall affirm or revoke the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal, and the Superintendent of Schools. The committee may not modify the terms of the principal's decision. The decision of the committee shall be final and non-appealable.

### **Short-Term Out-of-School Suspension Or Disciplinary Removal**

The school district may suspend out-of-school or implement a disciplinary removal of a child with a disability for a period of ten consecutive school days or less for any conduct that would warrant out-of-school suspension or disciplinary removal for a child without a disability.

The school district will follow its policy and procedures for the out-of-school suspension of children without disabilities in conjunction with the short-term out-of-school suspension of children with disabilities. The school district will notify the child's parents of the disciplinary action and all applicable procedural safeguards under state and federal law, and school district policy as soon as possible after the decision to take disciplinary action is taken. No credit will be awarded for students suspended out of school.

The judicial extension of the Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases.

The policy of the school district must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term out of school refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and all other offenses.

Alternative in-school placement, detention, and similar disciplinary options or correctional measures are not considered by law to be out-of-school suspensions and do not require or involve the due process procedures set forth herein.

Any student subjected to an out-of-school suspension may also be referred to the First Offenders Program of the Hughes County Juvenile Services unit, or other counseling program.

## **Harassment**

It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school sponsored activities, or at school sanctioned and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Threatening behavior, harassment, intimidation, and bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bully at school.

Harassment is intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes but is not limited to harassment on the basis of race, sex, creed, color, national origin, religion, marital status, or disability.

As used in the School Bullying Prevention Act, "harassment, intimidation, and bullying" means any gesture, written or verbal expression, electronic communication or physical act that a reasonable person should know will harm another student, damage another student's property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Harassment, intimidation, and bullying include, but are not limited to, gestures or written, verbal, or physical acts, or electronic communications. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school detention
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency
13. Suspension
14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend

extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades, achievements, etc.;
4. Demeaning jokes, stories, or activities directed at the student;
5. Unwelcome physical contact.

The superintendent shall develop procedures providing for:

1. Prompt investigation of allegations of harassment;
2. The expeditious correction of the conditions causing such harassment;
3. Establishment of adequate measures to provide confidentiality in the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

A copy of this policy will be furnished to each student and teacher in this school district.

#### **FILING, INVESTIGATION, HEARING AND REVIEW PROCEDURES**

The Grievant submits a written complaint to the Coordinator, as applicable, stating the basis, nature and date of the alleged discrimination, the names of persons responsible (where known) and requested action. If the applicable Coordinator is the person alleged to have committed the discriminatory act(s), then the complaint should be submitted to the Superintendent. Complaint forms are available from the offices of the District's Coordinator or Superintendents Office. Complaint must be submitted within 30 days of the alleged violation.

The Coordinator conducts a complete and impartial investigation within 10 days of receiving the complaint, to the extent reasonably possible, which shall include but not be limited to, interviewing the Grievant and any witnesses, review of documents and interviewing the Respondent. The Coordinator will ask the Respondent to confirm or deny facts; indicate acceptance or rejection of the Grievant's requested action; and outline alternatives.

As to complaints of discrimination by students, parents or guardians and school employees, the Coordinator will disclose the complaint, the identity of the Grievant and information regarding the person who allegedly committed the discriminatory act only to the extent necessary to fully investigate the complaint and only when the disclosure is required or permitted by law. If a Grievant wishes to remain anonymous, the Coordinator will advise him or her that such confidentiality may limit the District's ability to fully respond to the complaint. If a Grievant asks to remain anonymous, the Coordinator will still proceed with the investigation.

Within 5 days after completing the investigation, the applicable coordinator will issue a written decision to the Grievant and Respondent.

If the Grievant or Respondent is not satisfied with the decision, he or she must notify the Coordinator, in writing, within 5 days and request an appeal to the Superintendent of Schools. The written appeal shall contain a specific statement explaining the basis for the appeal.

The Coordinator will notify the Superintendent of Schools, in writing, within 5 days after receiving the appeal. The Superintendent will hear the appeal within 30 days from the date of notification. Within 5 days of the meeting, the Superintendent will issue a decision.

The Coordinator will notify the Board of Education, in writing, within 5 days after receiving the appeal. The clerk will place the appeal on a board agenda within 30 days from the date of notification to the Board of Education.

The Board will act as an appellate body by reviewing the decisions and the oral and written evidence presented below and making a decision. At the board meeting,

the Board may ask for oral or written evidence from the parties and any other individual it deems relevant.

The clerk will make arrangements to audiotape any oral evidence presented. Within 5 days of the meeting, the Board will issue a final decision in writing to all parties involved.

### **GENERAL PROVISIONS**

**Extension of time:** Any time limits set by these procedures may be extended by mutual consent of the parties involved. The total number of days from the date the complaint is filed until the Board of Education issues a final decision shall be no more than 120 days.

**Confidentiality of Records:** Complaint records will remain confidential, to the extent allowed by law, unless permission is given by the parties involved to release such information. All complaint records will be kept separate from any other records of the District. No complaint record shall be entered in any personnel file unless adverse employment action is taken against an employee. Complaint records shall be maintained on file for three years after complaint resolution.

**Representation:** The Grievant and the Respondent may have a representative assist them through the grievance process and accompany them to any hearing.

**Retaliation:** The District prohibits retaliation, intimidation, threats, or coercion of any person for opposing discrimination or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, appealing, or participating in any other discrimination complaint proceeding or hearing. The District will take steps to prevent the alleged perpetrator or anyone else at the District from retaliating against the alleged victim or any person who acts to oppose discrimination or participates in the complaint process. These steps include notifying students and

employees that they are protected from retaliation, making sure that victims know how to report future problems and making follow-up inquiries to see if there have been any new incidents. If retaliation occurs, the District will take strong responsive action.

**Basis of Decision:** At each step in the grievance procedure, the decision maker will take or recommend the taking of appropriate measures based on the facts, as revealed by the investigation and hearing, taken as a whole, and the totality of the circumstances, such as the nature, extent, context and gravity of the activities or incidents.

## **McKinney-Vento Homeless Assistance Act**

Under this law, your district's designated homeless student liaison must provide public notice of the education rights of homeless students. The district is required to disseminate the notices in places where homeless students receive services, such as school, family shelters and other programs that make food or meals available to the homeless population. You can find more information for parents and youth at <http://sde.ok.gov/faqs/title-x-part-c-mckinney-vento-homeless-education-frequently-asked-questions> and <http://www.serve.org/nche>.

## **Moment of Silence**

It shall be the policy of this Holdenville Board of Education that no sectarian or religious doctrine shall be taught or inculcated into the curriculum or activities of the school. However, those students who wish to do so may participate in voluntary prayer so long as it is during noninstructional time and does not interfere with the rights of other students.

Each school site within the district shall observe one minute of silence each day for the purpose of allowing each student to meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede other students in the exercise of their choice. All school personnel are to afford these options to all students, who will individually make the selection as to which of these behaviors they will engage in during the moment of silence. These options will also be included in the student handbooks.

The minute of silence will be held at the start of the school day, after the flag Salute.

If the district or a school employee is sued for providing a moment of silence to students, the district must notify the Attorney General within five (5) days. The Attorney General will provide legal representation to the district or employee named as a defendant in an action related to this statutory requirement.

## **HOLDENVILLE HIGH SCHOOL CHEERLEADER & MASCOT GUIDELINES**

### **COACH STATEMENT**

Cheerleading is a very rewarding activity. These guidelines have been set forth to allow fairness for **ALL** cheerleaders while having a rewarding experience.

### **TRYOUTS**

4. Cheerleading candidates must be enrolled and currently in attendance in Holdenville Public Schools.
5. If you are on the ineligible list you will not be allowed to tryout.

7. A **mandatory** tryout clinic will be held before tryouts.
8. Tryout attire includes a solid white t-shirt, solid blue or gold shorts and choice of shoes. No printing, pictures, logos, etc. are allowed on any clothing.
9. Tryouts are closed to spectators. Only participants, judges, coaches and administration will be allowed in the gym during tryouts.

2. Practices are mandatory.
3. Cheer camp is required and expenses are the responsibility of each squad member. Not attending summer camp will result in automatic dismissal of the cheerleader.
4. A 'Bench' system will be used for infractions of guidelines or standards. See section titled **Consequences of Behavior**.
5. All cheerleaders are subject to OSSAA regulations concerning academic progress. Grades must be kept current and cheerleaders/mascots must not find themselves on the ineligible list. Submit

all assignments to teachers and be responsible. Eligibility will be determined by the OSSAA standards on a weekly basis. Cheerleaders/mascots must be eligible at the end of the current school year to participate the first 6 weeks of the following school year. If not eligible for the next year, the cheerleader/mascot will be released from the squad.

6. If a cheerleader becomes academically ineligible during the season, they will not be allowed to cheer at games or pep assemblies, but they are still required to attend practices and perform all duties. Academic ineligibility counts as an unexcused absence.
7. In the event that a cheerleader must relinquish their position on the squad, it will be at the sponsor's discretion to fill the opening with the next highest score from the tryout list if the score is above the 60% range. If this date is too late in the season the position will not be filled.
8. If a cheerleader is in ISD (In School Detention) on game day, they will not cheer. A game missed due to ISD, is an unexcused absence. Cheerleaders must be in good standing on game day to participate in pep assemblies or games.

7. Cheerleaders act as role models by setting good examples and showing respect for school and others **on and off the field/court**.

### **UNIFORMS**

1. Uniforms will be worn on game days and scheduled events **ONLY**. During games the uniform, shoes, bows, etc will be determined by the sponsor.
2. Uniforms are to be kept neat and clean. The cheerleader is responsible for the upkeep of the uniforms issued.

5. Unnatural hair color is not allowed. Jewelry is not allowed.

### **TRAVEL**

1. A cheerleader must travel to away games on the transportation provided by the school. A cheerleader may be checked out from riding the transportation provided by the school only by the parent/guardian signing the cheerleader out at the **end of the final game**.
2. Any exceptions to the above must be made through the office with the principal before 3:00 p.m. on game day. No phone calls or parent/guardian notes will be accepted at the game to release cheerleaders to ride home in anything other than the transportation provided by the school.
3. Once the cheerleaders are dismissed at the school, parents/guardians are responsible for their child.

### **INSURANCE AND PHYSICAL EXAMINATIONS**

1. All cheerleaders must have a physical on file before the first practice. If severe injury occurs, cheerleaders must have a doctor's written permission to resume cheerleading activities.

2. Signed risk sheet to stunt must be on file before a cheerleader can participate in stunting activities.

### **SAFETY**

The safety of all is the highest concern. To ensure the safety of all cheerleaders, activities should be performed ONLY in the presence of the coach. Proper techniques will be used at all times.

### **COMMUNICATION**

Communication is the key to a successful program. Always speak directly to the coach prior to the event. **If you have another school event scheduled, do not assume the coach knows. Do not tell another cheerleader to tell the coach!** This is the first step to adult responsibility! Contact the coach yourself!!! Do not have your parent/guardian contact the coach; fulfill your own responsibilities as a Holdenville cheerleader.

### **PRACTICES**

1. To reduce distractions and possible injuries, all practices are closed.
2. Cheerleaders are to report to the practice area at the designated time in the proper attire.
3. Tardy to practice will result in additional conditioning following practice. Additional conditioning will be equal to the minutes tardy. Chronic tardiness (3 tardies) will result in the benching system.

### **CONSEQUENCES OF BEHAVIOR**

1. An event is described as a game, pep assembly, practice, pep rally, fund raising activity, poster making session, etc. Once an activity is scheduled it becomes an event. Any other school function/activity or doctor's note does not apply to this rule.
  2. If a cheerleader/mascot schedules a cheerleading practice or performance without the coach's knowledge they will be immediately removed from the squad for the remainder of the school year.
  3. If the cheerleaders/mascot shows up to an event and the coach is not in attendance, there will be no practice, stunting or performing. If the squad practices, stunts or performs without the coach present the entire squad will be benched for the next three games.
  4. If a cheerleader misses 3 practices, events or activities they will be removed from the squad.
  5. Arriving late to a practice 3 times will count as 1 absence.
  6. Benched is a consequence of an infraction of standard behavior outlined in the cheer guidelines. The cheerleader will sit, in full uniform, with the coach or in a designated area, for the duration of the assigned benching.
  7. Ineligible cheerleaders due to OSSAA standards are benched.
- I. First event missed results in being benched for the next performance event.
  - II. Second event missed results in being benched for the next two performance events.
  - III. Third event missed results in dismissal from the cheer squad.

### **BENCHING**

Cheerleaders may be benched for the following behaviors:

1. Absence whether prearranged, excused or unexcused from an event or activity. In addition if a cheerleader misses an event or practice due to an illness, a doctor's note will be required to assure the coach that the cheerleader is capable of returning to full cheerleading requirements.
2. Leaving practice, event or activity early without prearranging (1 day in advance) with coach/sponsor.
3. Serving ISD.
4. Unproductive behavior; uncooperative, disrespectful, use of inappropriate language or rude to ANY fan, school official, sponsor or each other.
5. Leaving an event without checking out by parent/guardian signature.
6. Failure to wear proper attire to school, events, activities or pep assemblies.
7. Wearing jewelry.
8. Allowing anyone to wear your uniform.

(Any of the above infractions may be reviewed by the coach first and then referred onto administration on a case by case situation for the consequences deemed appropriate. This review will not be automatic and the situation has to be unusual in circumstance.)

---

\*Behavior infractions may not be limited to those listed above.

\*Behavior infractions may result in other consequences.

\*Cheerleaders must communicate **directly** with the coach.

\*Severe infractions not mentioned above (i.e. fighting, drug use, arrest, conviction of a crime, etc.) will bypass benching and could result in dismissal from cheerleading

## **TRANSFERS**

If a cheerleader is to transfer in from another school, they may be considered to join the squad if they transfer in before the beginning of the upcoming school year. The cheerleader must provide a score sheet and a letter from the administration from the previous school stating they made the squad for the upcoming school year. All decisions will be made at the discretion of the cheer coach and or the principal.

**Amateurism** Amateur competition is a bedrock principle of college athletics and the NCAA. Maintaining amateurism is crucial to preserving an academic environment in which acquiring a quality education is the first priority. In the collegiate model of sports, the young men and women competing on the field or court are student's first, athletes second.

The NCAA membership has adopted amateurism rules to ensure the students' priority remains on obtaining a quality educational experience and that all of student-athletes are competing equitably.

All incoming student-athletes must be certified as amateurs. With global recruiting becoming more common, determining the amateur status of prospective student-athletes can be challenging. All student-athletes, including international students, are required to adhere to NCAA amateurism requirements to remain eligible for intercollegiate competition.

In general, amateurism requirements do not allow:

- Contracts with professional teams
- Salary for participating in athletics
- Prize money above actual and necessary expenses
- Play with professionals
- Tryouts, practice or competition with a professional team
- Benefits from an agent or prospective agent
- Agreement to be represented by an agent
- Delayed initial full-time collegiate enrollment to participate in organized sports competition
