## **PRESS RELEASE**

The Holdenville School District takes the safety of its students very seriously and does everything it can to provide a safe learning environment. One day late last week, the District received a report that a student had a gun in their car. Law enforcement was immediately contacted and quickly located and took possession of the gun. Appropriate action is being taken against the student. At no time were any students, patrons or employees in danger. The District wishes to thank the enforcement for their swift response. The District continues to follow its procedures and cannot comment further because of privacy laws.
