RETURN TO IN-PERSON LEARNING

Holdenville Public Schools continues to monitor every possible lead of positive cases for the Covid-19 virus not only within the district but also the county. Holdenville Schools ended with multiple positive cases this past week and that is the reason for the complete shutdown.

This Monday, August 31, 2020 Holdenville Schools will be returning to in-person learning as normal. All of the positive cases have been isolated and are in quarantine per Health Department regulation.

We will continue to monitor every situation on a case by case basis. Our main priority is the safety and health of our students, staff, and community.

If anyone within your family doesn't feel good, please notify the district as soon as possible so we can help reduce the spread of the virus.

Please make sure if you are tested, please keep your child at home until you receive your test results.

Please contact the school district if you have any questions regarding testing or return to school protocol.
