

## Holdenville Public Schools

(405) 379-5483 • 210 Grimes, Holdenville, OK 74848 • Randy Davenport, Superintendent

---

The Holdenville School District does everything it can to provide a safe learning environment for its students. Because of this the administration was troubled and shocked when it received a report of inappropriate communication between one of its employees and a student. The District immediately contacted law enforcement and placed the employee on administrative leave. The employee in question was hired as a full time employee in January of 2022. The District currently is taking the appropriate action to ensure this employee will no longer work for the District. Because this is an ongoing criminal matter, the District will not comment further but would suggest that any further questions be directed to OSBI about this matter.
