

**STUDENT TEACHING
SCHOLARSHIP FUND**

It is the policy of the Holdenville Board of Education to promote continued education of employees. Vouchers from Universities will be distributed as available to pay tuition to further teacher education used for post-graduate hours. These vouchers will be distributed evenly between teachers. If funds are available each building site will be notified. The teachers must furnish the district, at least two weeks before the first day of classes begins, an application that will be made available to each building site, the necessary documentation verifying enrollment and course completion as soon as class is completed. If courses are not completed, Holdenville Public Schools may choose not to extend the vouchers to any teacher not completing the University courses. If any vouchers are available after the teachers have had an opportunity to use them, then support staff will be able to use the vouchers to pay tuition for further education or training.

Scholarships will be available according to the amount of money available at the current semester.
